EntraPass Go

Smartphone

For iPhone, iPod Touch and Android Powered Phones.

EntraPass Go puts you in control of your security. It enables you to interact with the EntraPass[†] security management software using only a few taps on your mobile device. The easy-to-use mobile app gives you anytime, anywhere real-time management of over 20 access control, video and intrusion functions. Manage/create cards, lock/unlock doors, request reports, view live video, arm/disarm intrusion alarms, and much more. Our state-of-the-art smartphone apps are designed specifically for each operating system.

Download EntraPass Go from the App Store or Google Play to get security on the go!

Executive Problem, Simple Solution

Imagine that your company CEO brings an important client to the office on the weekend. He just came from a golf game and does not have his access card with him. Though the security system administrator is at the beach, it is easy to open the office door and grant them access. And, he can view live video to make sure the CEO and his client are able to get into the building without any hassle. Since it's the weekend, the facility is armed. Before allowing the CEO and his client access, the security system administrator can disarm the facility before granting access and arm it again when they leave. It's simply a matter of starting the EntraPass Go application, disarming the alarm, and unlocking the front door. Just long enough for the President and client to get inside and get down to business, while the administrator gets back to the beach. ***It's that easy and that fast.***

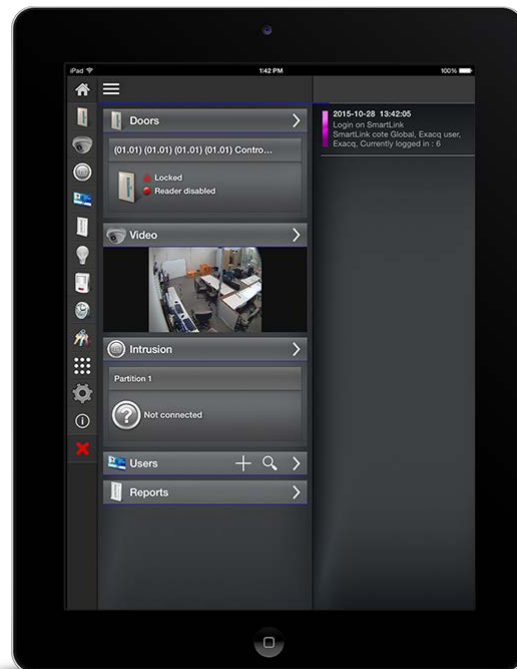

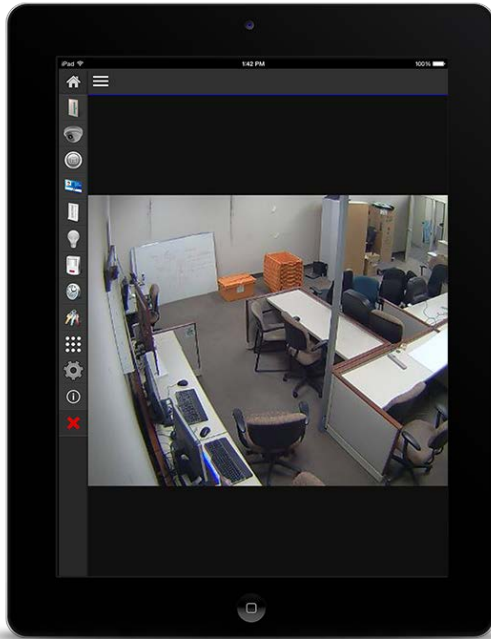

[†] EntraPass Go is compatible with the latest build of EntraPass Corporate Edition or Global Edition v5.01 and higher.

Tablet

For iPad and Android Powered Tablets.

The EntraPass Go mobile platform is designed with scalability in mind. From four doors to multi-site enterprise scale applications, EntraPass grows with your needs. And now it goes where you go. EntraPass Go gives you the tools to monitor and control the security system in real-time from anywhere.

Download EntraPass Go from the App Store or Google Play and put security in your hands.

Security on the Go

Security on the Go

Interact with your EntraPass security software with only a few taps on your mobile device.
