# INTEVO+

INTUITIVE ALL-IN-ONE SECURITY PLATFORM

+one evolved

KANTECH

integration

the synergy of one

Intevo integrates access control, IP video and intrusion into one common and powerful platform to deliver a holistic security solution. It's pre-loaded with Kantech's EntraPass Corporate Edition software, exacqVision video management software, and includes support for DSC PowerSeries and MAXSYS intrusion alarm panel integration. It is pre-configured to support EntraPass Go mobile app and EntraPass Web remote user platform. Intevo is easy to configure and includes a customized dashboard for easy system management. Intevo is the clear choice if you need long-term flexibility and easy deployment of security solutions.
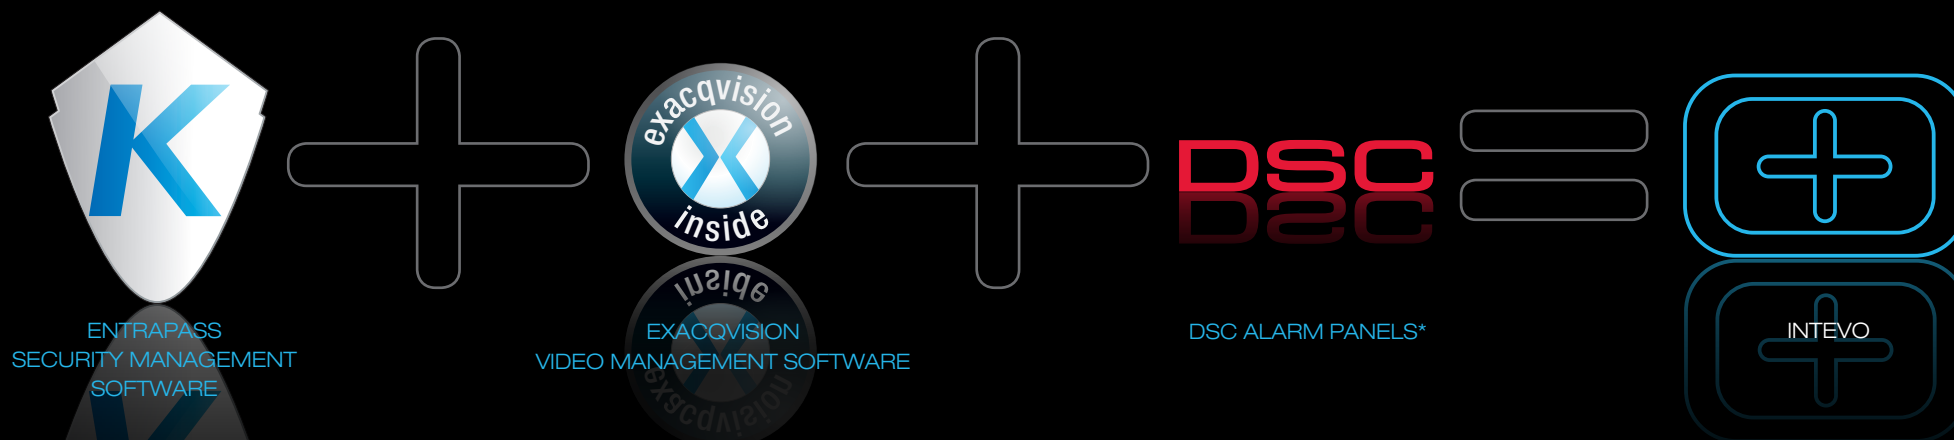

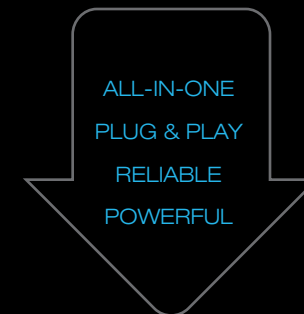

on the plus side

Security management takes a great deal of staff time and business resources to deploy. Intevo helps you to simplify and streamline all your security procedures, minimizing setup time. On the plus side, it's security made simple. Right out of the box

security evolved

Think of Intevo as the safety belt for your enterprise. When great ideas come together to make your world safer, easier and more reliable, that's when the market evolves. Join the integration evolution with Intevo!
